**End Application:**

Navy code 00615b233

**Basic Ingredient:**

Additives

**Service Characteristics:**

Corrosion resistive and high temperature

**Effective Temperature Range Rating:**

-33.0/+500.0 degrees fahrenheit

**Product Name:**

Hi-temp anticorrosion grease

**Special Features:**

Iso grade of base oil, 220

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A41600
