**End Application:**

Dow corning 710 silicone fluid

**Basic Ingredient:**

Silicone fluid

**Effective Temperature Range Rating:**

-57.0/+232.0 degrees celsius

**Product Name:**

Silicone fluid

**Special Features:**

Ability to swell rubber. Used in hydraulic systems

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A41600
