Basic Ingredient:

Silicone

Grease Type:

Electrically conductive

Vapor Pressure Maximum Temperature Rating:

77.0 degrees fahrenheit

Product Name:

Heat away 639

Special Features:

Boiling point 300f-odorless aluminum colored paste-is not classified as a hazardous material by osha, meets requirements of the fda for incidental human consumption

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A41600
