End Application:

Spacelift range systems

Basic Ingredient:

Hydrocarbons

Quantity Within Each Unit Package:

1.000 kilograms

Product Name:

Quin-cip lubricant

Special Features:

Viscosity (cs at 104 degrees f) 95-105; appearance pale yellow oil; gravity0.8816; melting point 0 degrees f; flash point 425 degrees f; functional use compressor lubricant; 1 gallon, sae 30

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A41600
