Storage Temperature Range:

+0.0/+50.0 degrees celsius

Fatty Material Type:

Mineral oil

Quantity Within Each Unit Package:

20.0 liters

Product Name:

High speed diesel engine oil

Special Features:

Color amber; physical state liquid at ambient temp; odour characteristic of mineral oil; boiling point above 280 degrees c; densi type 890 kg/m3 at 15 degrees c; flash point 226 degrees c (coc); auto ignition temp above 320 degrees c; kinematic viscosi type 105mm2/s at 40 degrees c; pour point minus 30 degrees c

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A41600
