**Storage Temperature Range:**

+0.0/+50.0 degrees celsius

**Fatty Material Type:**

Mineral oil

**Quantity Within Each Unit Package:**

20.0 liters

**Product Name:**

Paroil m; compressor lubricant

**Special Features:**

Color light brown; physical state liquid at ambient temp; odour characteristic mineral oil; density 879 kg/m<sup>3</sup> at 15 degrees c; auto ignition temp above 320 degrees c; kinematic viscosity 46 mm<sup>2</sup>/s at 40 degrees c; pour point minus 30 degrees c

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A41600
