Storage Temperature Range:

+0.0/+50.0 degrees celsius

Fatty Material Type:

Mineral oil

Quantity Within Each Unit Package:

20.0 liters

Product Name:

Paroil m; compressor lubricant

Special Features:

Color light brown; physical state liquid at ambient temp; odour characteristic mineral oil; density 879 kg/m³ at 15 degrees c; auto ignition temp above 320 degrees c; kinematic viscosity 46 mm²/s at 40 degrees c; pour point minus 30 degrees c

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A41600
