End Application:

Used on pumps and compressors

Fatty Material Type:

Synthetic oil

Basic Ingredient:

Synthetic oil

Quantity Within Each Unit Package:

5.000 gallons

Product Name:

Par oil s

Special Features:

Flash pt. 255 degrees c.; yellow, slight odor; liquid; solubility/insoluble in h2o; pour pt -50 degrees c

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A41600
