Maximum Operating Temp:

600.0 degrees fahrenheit

End Application:

Mrap-rg-31

Effective Temperature Range Rating:

-40.0/+600.0 degrees fahrenheit

Special Features:

Synthetic grease; plastic and rubber safe; resists moisture and will not washout; appearance: dark gray semi-solid grease; odor: faint; base type: polyalphaolephin and pentaerythritol esters w/fumed silica; flashpoint: >350 degrees f; non-flammable

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A41600
