End Application:

Mrap-rg-31

Product Name:

Lps force 842 dry mold

Special Features:

Excellent high load, high temperature, dry film lubricant for dusty environments; withstands temperatures up to 842 degrees fahrenheit (450 degrees celsius); pressure to 100, 000 psi (6890 bars); for assembly and break-in lubrication

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A41600
