Basic Ingredient:

Molybdenum disulfide

Special Features:

Color: grey; appearance: black; solvent: 2 butanone; operating temperature: - 400 degree fahrenheit to 650 degree fahrenheit; flash point: 35 degree fahrenheit; salt spray: astm b117, 100 hours (0.0005 inch coating thickness; coverage: 800 square feet per gallon at 0.0005 thickness

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T096-b
