End Application:

Av8b aircraft

Quantity Within Each Unit Package:

1.000 pounds

Grease Type:

Wheel bearing

Minimum Dropping Point:

232.0 degrees celsius

Product Name:

Grease wide temp range lithium or lithium complex thickened for aircraft wheel bearing

Special Features:

Corrosiveness, copper strip; oil separation 9% max.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A41600
