End Application:

Oxygen valve, fittings, installations

Physical Form:

Solid

Service Characteristics:

Any acceptable

Special Features:

White, homogeneous, paste; insoluble, ; stable up to 280 degrees c; chemical comp. Pfpe, solid lubricants; min. SI 60 mon; components perflourinated polyether il, zinc compound ptfe

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A41600
