End Application:

Gears

Lubricant Type:

Any acceptable

Service Characteristics:

Any acceptable

Quantity Within Each Unit Package:

208.0 liters

Viscosity At Rated Temp:

137.0 40 degrees celsius

Minimum Flash Point And Test Method:

184.0 degrees celsius pensky-martens closed cup

Product Name:

Lubricant oil

Special Features:

Liquid, red, mild odor, negligible in water

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A41600
