End Application:

Dieser engines

Fatty Material Type:

Any acceptable

Basic Ingredient:

Any acceptable

Lubricant Type:

Any acceptable

Service Characteristics:

Any acceptable

Quantity Within Each Unit Package:

55.0 gallons

Storage Type:

Temperature controlled warehouse

Viscosity At Rated Temp:

11.5 100 degrees celsius

Minimum Flash Point And Test Method:

225.0 degrees celsius pensky-martens closed cup

Product Name:

Lubricating oil, gear

Special Features:

Pour pt degc <-15; flash pt >150 degrees (closed cup) estimated

Supplementary Features:

Density@15deg c 0.895

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A41600
