Storage Temperature Range:

+0.0 to 149.0 degrees celsius

Physical Form:

Paste

Basic Ingredient:

Silicone

Storage Type:

Temperature controlled warehouse

Grease Type:

Wheel bearing

Minimum Flash Point And Test Method:

101.1 degrees celsius pensky-martens closed cup

Product Name:

Silicone grease

Special Features:

Slight odor grease

Color:

White

Supplementary Features:

Specific gravity@25 degrees c is 1.1; chem stable to 300 f

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A41600
