End Application:

Falcon communications system

Unit Package Quantity:

1

Basic Ingredient:

Any acceptable

Maximum Service Temperature Limit:

121.0 degrees celsius

Product Name:

Perma-slik glf air dry mos2 solid film lubricant

Special Features:

Binder epoxy; color gray/blk matte finish; solvent based;

Supplementary Features:

Densi type 8.15 +/-0.5 lb/gal; flash pt. 23f

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T096-b
