End Application:

Marine equipment

Physical Form:

Solid

Basic Ingredient:

Any acceptable

Quantity Within Each Unit Package:

14.0 ounces, avoirdupois

Storage Type:

General purpose warehouse

Minimum Dropping Point:

500.0 degrees fahrenheit

Effective Temperature Range Rating:

+0.0 to 325.0 degrees fahrenheit

Vapor Pressure Maximum Temperature Rating:

0.5 degrees fahrenheit

Product Name:

Boat trailer wheel bearing grease

Special Features:

Faint petroleum odor; aluminum complex; iso viscosity grade 180; non-flammable; vapor pressure <0.5 mm hg @ 68 f

Color:

Blue

Supplementary Features:

Spec gravi type 0.9 @ 60f; oil separation <10%

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A41600
