Basic Ingredient:

Synthetic base

Service Characteristics:

Water resistant

Quantity Within Each Unit Package:

380.0 grams

Minimum Dropping Point:

265.0 degrees celsius

Effective Temperature Range Rating:

-30.0 to 150.0 degrees celsius

Special Features:

Thickener type: lithium complex

Color:

Red

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A41600
