**Product Name:**

Metal cutting lubricant

**Special Features:**

Appearance: amber yellow liquid; relative density @ 15.6 degrees celsius: 1.01; kinematic viscosity @ 40 degrees celsius: 138; closed flash point: 195; mct liquid is supplied in convenient 500ml spouted squeeze bottles and 5 litre container for direct application

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A41600
