Product Name:

Metal cutting lubricant

Special Features:

Appearance: amber yellow liquid; relative density @ 15.6 degrees celsius: 1.01; kinematic viscosity @ 40 degrees celsius: 138; closed flash point: 195; mct liquid is supplied in convenient 500ml spouted squeeze bottles and 5 litre container for direct application

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A41600
