**Product Name:**

Nyk dielectric grease

**Special Features:**

Appearance: paste, semi-solid; odor: petroleum; flash point: coc >399.00 deg. F.; water solubility: negligible; dropping point: >350.00 deg. F.; vapor density: >1; evaporation rate: <1; avoid heat, static electricity, sparks, sources of ignition, strong acids and oxidizing agents;

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A41600
