End Application:

1005-01-252-4288

Product Name:

Solid film lubricant - air dry

Special Features:

Storage temperature: less than 100.00 deg. F.; flash point: 23.00 deg. F.; percent volatile by volume: 84.40%; odor: solvent; physical state: liquid; specific gravity: 1.186; hazardous polymerizationl may occur; item is in touch-up marker form; marker container size is 0.41 ounces;

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T096-b

Mil-std (military Standard):

Mil-prf-46147 spec.
