End Application:

Marine engine

Product Name:

Mobilgard adl 30 marine engine lubricant sae 30

Special Features:

Boiling point: >316.00 deg. C.; pour point: -21.00 deg. C.; viscosity: 90.00 cst; vapor pressure: <0.013 kpa; density: 0.889; odor: characteristic; color: brown; physical state: liquid; flash point: >215.00 deg. C.; solubility in water: negligible; flammable limits - lel: 0.90; uel: 7.00;

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A41600
