Fabrication Method:

Chemical

Width:

19.500 inches

Length:

25.250 inches

Usage Form:

Sheet

Surface Condition:

Laid antique

Pulp Material:

Fiber, wood

Basis Weight:

65.0 pounds per 500 sheets 20.0 x 26.0 inches

Special Features:

Grain direction, a/a

Color:

Green

Specification Or Standard:

2 type and b class

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A09200
