Fabrication Method:

Chemical

Width:

23.000 inches

Length:

35.000 inches

Usage Form:

Sheet

Surface Condition:

Laid antique

Pulp Material:

Fiber, wood

Basis Weight:

130.0 pounds per 1000 sheets 20.0 x 26.0 inches

Special Features:

Grain direction, long

Color:

Blue, light

Specification Or Standard:

2 type and b class

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A09200
