Fabrication Method:

Chemical

Width:

32.000 inches

Length:

45.000 inches

Usage Form:

Sheet

Pulp Material:

Any acceptable

Basis Weight:

24.0 pounds per 500 sheets 17.0 x 22.0 inches

Grain Direction:

Vertical

United States Joint Committee On Printing Number:

E20

Special Features:

Lithographic finish

Specification Or Standard:

I type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A09200
