Fabrication Method:

Chemical

Width:

28.000 inches

Length:

40.000 inches

Usage Form:

Sheet

Pulp Material:

Fiber, wood

Basis Weight:

60.0 pounds per 500 sheets 25.0 x 38.0 inches

United States Joint Committee On Printing Number:

E30

Special Features:

Long grain; surface finish smooth white lithographic finish; 9000 sheets per fitted wooden skid

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A09200
