Solid Rubber Sheet - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/9320-00-042-3843

Min. Tensile Strength (psi):
100 pounds per square inch
Width:
36.000 inches
Thickness:
0.062 inches
Length:
252.000 inches
Surface Condition:
Smooth
Environmental Protection:
Steam and water resistant
Color:
Red both sides
Material:
Rubber, natural, cured
Material:
Rubber natural
Reference Number Differentiating Characteristics:
As differentiated by length width and thickness
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A26800
