Min. Tensile Strength (psi):

100 pounds per square inch

Width:

36.000 inches

Thickness:

0.125 inches

Length:

60.000 inches

Surface Condition:

Smooth

Environmental Protection:

Steam and water resistant

Color:

Red both sides

Material:

Rubber, natural, cured

Material:

Rubber natural

Reference Number Differentiating Characteristics:

As differentiated by length width and thickness

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A26800
