Cross Sectional Shape:

Rectangular

Length:

10.150 inches

Surface Condition:

Smooth both sides

Cross-sectional Height:

0.188 inches

Cross-sectional Width:

0.060 inches

Material:

Rubber, ams 3304

Material:

Rubber silicone class q

Material Specification:

Ams 3304 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A26800
