Nonmetallic Hardness Rating:

Not rated

Min. Tensile Strength (psi):

1000 pounds per square inch

Width:

Between 35.000 inches and 42.000 inches

Thickness:

0.031 inches

Length:

Any acceptable

Surface Condition:

Smooth

Environmental Protection:

Oil resistant

Special Features:

Length to be determined as required by mil-r-2765

Color:

Any acceptable

Material:

Rubber, synthetic, cured

Material:

Rubber synthetic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A26800
