Nonmetallic Hardness Rating:

Not rated

Min. Tensile Strength (psi):

1000 pounds per square inch

Width:

24.000 inches

Thickness:

0.125 inches

Length:

36.000 inches

Surface Condition:

Smooth

Environmental Protection:

Oil resistant

Color:

Any acceptable

Material:

Rubber, synthetic, cured

Material:

Rubber synthetic

Departure From Cited Designator:

As modified by width

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A26800
