Fabrication Method:

Cellular, exploded

Width:

48.000 inches

Thickness:

0.500 inches

Length:

48.000 inches

Surface Condition:

Smooth both sides

Material:

Rubber, mil-r-6130, type 1, grade b, cond medium

Material:

Rubber butadiene-acrylonitrile class nbr

Specification Or Standard:

1 type and b grade and medium condition

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A26800
