## NSN 9320-00-410-6683

Solid Rubber Sheet - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/9320-00-410-6683 Nonmetallic Hardness Rating: Not rated Min. Tensile Strength (psi): Not rated Width: 36.000 inches Thickness: 0.030 inches Length: 36.000 inches **Surface Condition:** Smooth **Strengthening Feature Material:** Nylon **Environmental Protection:** Weather resistant and craze and oil resistant **Strengthening Feature:** Backing **External Strengthening Feature Location:** Both sides Color: Black both sides Material:

Rubber, synthetic, ams 3273
Material:
Rubber chloroprene class cr and plastic polyamide
Material Specification:
Ams 3273 assn standard single material response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A26800
