Fabrication Method:

Cellular, exploded

Nonmetallic Hardness Rating:

Not rated

Min. Tensile Strength (psi):

Not rated

Width:

24.000 inches

Thickness:

0.500 inches

Length:

300.000 inches

Surface Condition:

Smooth

Environmental Protection:

Oil resistant

Color:

Any acceptable

Material:

Rubber, mil-std-670, grade sco3f1

Material:

Rubber chloroprene class cr

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A26800
