Cross Sectional Shape:

Rectangular

Fabrication Method:

Solid

Length:

53.000 inches

Surface Condition:

Smooth both sides

Cross-sectional Height:

0.500 inches

Cross-sectional Width:

0.188 inches

Color:

Black both sides

Material:

Silicone rubber, ams 3195

Material:

Rubber silicone class q

Material Specification:

Ams 3195 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A26800
