Cross Sectional Shape:

Rectangular

Fabrication Method:

Solid

Nonmetallic Hardness Rating:

Not rated

Min. Tensile Strength (psi):

Not rated

Tempurature Rating:

Not rated

Length:

1.937 inches

Surface Condition:

Smooth

Cross-sectional Width:

0.312 inches

Environmental Protection:

Light and water resistant

Color:

Any acceptable

Material:

Rubber, synthetic, cured

Material:

Rubber synthetic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A26800
