Cross Sectional Shape:

D

Fabrication Method:

Solid

Nonmetallic Hardness Rating:

35.0 shore durometer a

Surface Condition:

Smooth both sides

Cross-sectional Height:

0.380 inches

Cross-sectional Width:

0.310 inches

Material:

Rubber, mpd 3272, grade 40, army missile command

Material:

Rubber

Material Specification:

Mpd 3272, grade 40, army missile command mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A26800
