**Cross Sectional Shape:**

Rectangular

**Fabrication Method:**

Cellular, unexploded

**Length:**

146.500 inches

**Surface Condition:**

Smooth both sides

**Cross-sectional Height:**

0.500 inches

**Cross-sectional Width:**

0.187 inches

**Material:**

Rubber, ams 3195

**Material:**

Rubber silicone class q

**Material Specification:**

Ams 3195 assn standard single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A26800
