Cross Sectional Shape:

Circular

Length:

0.500 inches

Cross Section Outside Diameter:

0.310 inches

Material:

Rubber, ams 3195

Material:

Rubber silicone class q

Material Specification:

Ams 3195 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A26800
