Cross Sectional Shape:

Rectangular

Fabrication Method:

Cellular, unexploded

Length:

2.750 inches

Surface Condition:

Smooth both sides

Cross-sectional Height:

0.500 inches

Cross-sectional Width:

0.063 inches

Special Features:

Non-oil resistant

Material:

Rubber, mil-r-6130, type 2, grade b

Material:

Rubber, mil-r-6130, type 2, grade b

Reference Number Differentiating Characteristics:

As differentiated by condition and thickness

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A26800
