Nonmetallic Hardness Rating:

Not rated

Min. Tensile Strength (psi):

Not rated

Width:

7.000 inches

Thickness:

0.500 inches

Length:

7.000 inches

Surface Condition:

Any acceptable

Special Features:

Two 0.250 in. Thk pieces are soft bonded together per bac5010, tye 60

Material:

Rubber, ams 7270

Material:

Rubber butadiene-acrylonitrile class nbr

Material Specification:

Ams 7270 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A26800
