Cross Sectional Shape:

Rectangular

Fabrication Method:

Cellular, unexploded

Length:

6.000 inches

Surface Condition:

Smooth both sides

Cross-sectional Height:

4.000 inches

Cross-sectional Width:

0.060 inches

Environmental Protection:

Ozone resistant or weather resistant

Special Features:

Fluid resistance

Color:

Black both sides

Material:

Astm d1056, re45bce2

Material:

Astm d1056, re45bce2

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A26800
