Nonmetallic Hardness Rating:

Not rated

Min. Tensile Strength (psi):

1000 pounds per square inch

Width:

60.000 inches

Thickness:

0.031 inches

Length:

120.000 inches

Surface Condition:

Any acceptable

Environmental Protection:

Water, steam, hydrocarbon, oil, gasoline, mild acids and alkalies

Special Features:

Blue-guard compressed non-asbestos binder nitrile (nbr); temp., max.: plus 700f, plus 371c; pxi, max. 350, 000

Color:

Blue

Material:

Fiber

Material:

Fiber

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A26800
