Cross Sectional Shape:

Rectangular

Length:

16.250 inches

Surface Condition:

Smooth both sides

Cross-sectional Height:

3.500 inches

Cross-sectional Width:

0.120 inches

Special Features:

Material is synthetic rubber neoprene, mil-s-6855, class ii, grade 40; four holes located along length 0.221 in. Dia

Material:

Rubber, synthetic

Material:

Rubber synthetic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A26800
