Cross Sectional Shape:

Rectangular

Length:

1.000 inches

Surface Condition:

Smooth both sides

Cross-sectional Height:

1.000 inches

Cross-sectional Width:

0.060 inches

End Application:

Support conduit, nose wheel well; c-130 hercules.

Special Features:

Silicone rubber per stm23-402, class 2, grade 60

Material:

Rubber, synthetic

Material:

Rubber synthetic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A26800
