Nonmetallic Hardness Rating:

12.0 shore durometer d

Min. Tensile Strength (psi):

40 pounds per square inch

Width:

54.000 inches

Thickness:

0.250 inches

End Application:

Support equipment; b-2 bomber

Special Features:

Soft

Color:

Black both sides

Material:

Rubber, cellular

Material:

Rubber

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A26800
