Width:

36.000 inches

Temperature Rating:

-100.0 degrees fahrenheit and 500.0 degrees fahrenheit

Thickness:

0.062 inches

Length:

36.000 inches

Material:

Rubber, ams 3195

Material:

Rubber silicone class q

Material Specification:

Ams 3195 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A26800
