Nonmetallic Hardness Rating:

55.0 astm scale and 65.0 astm scale

Min. Tensile Strength (psi):

1500 pounds per square inch

Width:

36.000 inches

Thickness:

0.062 inches

Length:

36.000 inches

Surface Condition:

Smooth top

End Application:

Phantom aircraft

Special Features:

Material butadiene acrylonitrile rubber

Material:

Rubber

Material:

Rubber

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A26800
